Alliance of Independent
Academic Medical Centers

2019 Directory of Partners

The AiAMC Partners Program is designed to cultivate a meaningful relationship between our members and the companies who so generously sponsor our educational outreach programs. The Alliance recognizes and appreciates the importance of developing and maintaining positive relationships with these organizations. Their support is critical to our ongoing ability to develop and present substantive programs with knowledgeable faculty in central and appealing locations. Please refer to this list of partners throughout the year. By working together, we will develop important partnerships that further advance the independent academic medical center.

Digital Commons

Over 500 institutions, including medical schools and hospital systems, enhance the value and impact of their research with bepress services. Bepress offers Digital Commons and the Expert Gallery Suite, both designed to showcase the research and expertise that set an institution apart. Health science libraries are using Digital Commons to openly share valuable research and data, organize and provide context to medical student work, create and manage journals for specialists, and much more. With the addition of the Expert Gallery Suite, they promote the individual researchers, authors, and practitioners working within the organization. With attractive branding that identifies your organization, a highly visible showcase, and in-depth analytics, bepress tools make it easy to maximize your institution's impact on the world.
