

AiAMC

Alliance of Independent
Academic Medical Centers

2020 Directory of Partners

The AiAMC Partners Program is designed to cultivate a meaningful relationship between our members and the companies who so generously sponsor our educational outreach programs. The Alliance recognizes and appreciates the importance of developing and maintaining positive relationships with these organizations. Their support is critical to our ongoing ability to develop and present substantive programs with knowledgeable faculty in central and appealing locations. Please refer to this list of partners throughout the year. By working together, we will develop important partnerships that further advance the independent academic medical center.

Transforming Careers, Cultures & Organizations

LAK Group: Strengthening Your Competitive Edge

Great employees don't just walk into an organization, they're strategically hired and carefully developed. At the LAK Group, we work with organizations to find the talent you need to compete, and work to help you build a culture that inspires them to grow and thrive. We specialize in transforming careers, cultures and organizations from selection through succession.

We select and develop agile leaders by building leadership capability to govern an individual's level of effectiveness. Our adaptive learning approach creates a personalized learning experience for every individual. We leverage Dyad Coaching, micro-learning, experiential learning, and emerging technology to generate behavioral change that positively impacts your business results.

Our Dyad Coaching approach improves business outcomes by advancing a culture of physician engagement, improving clinical outcomes, increasing agility for strategic priorities, enhancing efficiency of leadership process, improving communication across specialty areas, fostering a culture of innovation, and improving financial performance.

Scott Geboy, Attorney
330 E. Kilbourn Avenue, Suite 1250
Milwaukee, WI 53202
414.721.0451
sgeboy@hallrender.com

The mission and vision of the Alliance of Independent Academic Medical Centers (AIAMC) is to serve as a learning organization of independent academic medical centers through the application of innovative education and scholarship that drives exceptional patient care and to be the leader in achieving exceptional health and well-being outcomes for the communities we serve through medical education and scholarship. As an AIAMC Vendor Partner and in our 53rd year of serving the national health care community, Hall, Render, Killian, Heath & Lyman, P.C. applauds the AIAMC's commitment and strong position as a leader in supporting independent academic medicine.

As one of the nation's largest law firm focused exclusively on matters specific to health care organizations, Hall Render's extensive knowledge and experience in the health care industry includes representing teaching hospitals, sponsoring institutions, community GME consortia, universities, hospitals looking to become teaching hospitals and communities looking to create new consortia structures in a broad array of legal areas important to graduate medical education. Whether it relates to Medicare and other GME funding, accreditation, resident wellness and discipline or a variety of hospital operations issues that are impacted by the presence of medical learners in the clinical working and learning environment, including research and compliance, Hall Render is committed to the health care industry and serving the needs of teaching institutions.

Look for our booth at the AIAMC Annual Meeting at the Omni Barton Creek and Spa from March 26 to March 28 and please stop by to meet Scott J. Geboy, J.D.

With over 3,000 customers in 19 countries, RLDatix helps protect patients around the world. Stop by our booth to see our suite in action.

Isabel Healthcare, Inc.: Bronze Sponsor

www.isabelhealthcare.com
Don Bauman, CEO
1710 Hermitage
Ann Arbor, MI 48104
734.276.1322
don.bauman@isabelhealthcare.com

Isabel Healthcare Inc. was founded in 2000 by Jason Maude and is named after Maude's daughter who almost died after a potentially fatal illness was not recognized. Isabel Healthcare developed the first and only Artificial Intelligence based differential tool as a result of Isabel's missed diagnosis. For over 20 years the Isabel differential generator has helped clinicians around the world build and broaden their differential and assist with considering other possibilities during their workup.

Isabel is the broadest tool available, covering over 6,000 conditions, 4,000 drugs and all 34 specialties. Isabel allows the user to enter clinical features in natural language free text (not forced to pick from a predetermined fixed symptom list) allowing complete description of the presentation to generate the differential.

The Isabel tool is extensively validated and peer reviewed and has shown to improve diagnosis performance at all levels.

In addition to Isabel Professional, Isabel's family of diagnosis performance solutions also include the Isabel Symptom Checker for patients and patient engagement, and Isabel Clinical Educator, a case-based learning platform for clinical learners. Isabel is proven to enhance the clinical reasoning and differential diagnosis skills of students, residents and practicing Clinicians through integration into medical education curriculum, residency programs and practice settings. It is trusted by faculty and program directors to bring value to their students and residents and enhance their skills as clinicians.

Connect with us at don.bauman@isabelhealthcare.com, 734-332-0612 or visit us at www.isabelhealthcare.com and learn how Isabel is used by residents and experienced physicians alike.
