Incorporating Continuous Quality Improvement Methods into the Annual Program and Institution Evaluation Process

Dr. Tsveti Markova and Dr. R. Brent Stansfield

AIAMC 2020 Annual Meeting

3/27/2020

Austin, Texas

HANDOUT A

Group Breakout Exercise:

- Dashboard Review the Dashboard for a Hypothetical Program X
- Identify areas to improve
- Complete the Action Item Template with a SMART goal to improve those areas
- Begin the planning of at least one PDSA cycle to achieve the SMART goal

Dashboard for Hypothetical Program X

Action Item:

Title of Action Item:

Targeted Area of Improvement:

| S | M | A | R | T |
|---|--|---------------------------------------|---|---|
| <i>Specific goal</i> | <i>Measure of outcome</i> | <i>Accountable persons</i> | <i>Reasonable result</i> | <i>Time-oriented</i> |
| What will the goal accomplish? How and why is it necessary to accomplish it? | How will you measure whether or not the goal has been reached? | Who is responsible to lead this goal? | Do you have the necessary knowledge, skills, abilities, resources, time to accomplish the goal? | What are the target dates to start and complete the goal? |
