Alliance of Independent
Academic Medical Centers

2021 Directory of Partners

The AiAMC Partners Program is designed to cultivate a meaningful relationship between our members and the companies who so generously sponsor our educational outreach programs. The Alliance recognizes and appreciates the importance of developing and maintaining positive relationships with these organizations. Their support is critical to our ongoing ability to develop and present substantive programs with knowledgeable faculty in central and appealing locations. Please refer to this list of partners throughout the year. By working together, we will develop important partnerships that further advance the independent academic medical center.

LAK Group: Strengthening Your Competitive Edge

Great employees don't just walk into an organization, they're strategically hired and carefully developed. At the LAK Group, we help transform business goals into human strategies. We work with organizations to find and develop the talent you need to provide a great patient experience and quality clinical outcome, and work to help you build a culture that inspires your staff to grow and thrive. We specialize in transforming careers, cultures and organizations from selection through succession.

The quality outcomes we get with our healthcare partners include inspired clinicians, effective nurse managers, improved caregiver and patient experience, strong clinician leaders and resilient organizations able to adapt the everchanging healthcare market.

Our adaptive learning approach creates a personalized learning experience for every individual that addresses the demanding work schedule that many healthcare providers experience. We leverage Dyad Coaching, micro-learning, experiential learning, and emerging technology to generate behavioral change that positively impacts leadership effectiveness, caregiver experience and clinical outcomes.

Our team has a depth of experience with healthcare systems and clinicians. Our Dyad Coaching approach improves business outcomes by advancing a culture of physician engagement, improving clinical outcomes, increasing agility for strategic priorities, enhancing efficiency of leadership process, improving communication across specialty areas, fostering a culture of innovation, and improving financial performance.

The mission and vision of the Alliance of Independent Academic Medical Centers (AIAMC) is to serve as a learning organization of independent academic medical centers through the application of innovative education and scholarship that drives exceptional patient care and to be the leader in achieving exceptional health and well-being outcomes for the communities we serve through medical education and scholarship. As an AIAMC Vendor Partner and in our 54th year of serving the national health care community, [Hall, Render, Killian, Heath & Lyman, P.C.](#) applauds the AIAMC's commitment and strong position as a leader in supporting independent academic medicine.

As one of the nation's largest law firms focused intently on matters important to health care organizations, Hall Render's extensive knowledge and experience in the health care industry includes representing teaching hospitals, sponsoring institutions, community GME consortia, universities, hospitals looking to become teaching hospitals, and communities looking to create new education consortia structures in a broad array of legal areas critical to graduate medical education. Whether it relates to Medicare and other GME funding, PATH, accreditation, resident wellness and discipline, and a variety of hospital operations issues that are impacted by the presence of medical learners in the clinical working and learning environment, including research and compliance, Hall Render is committed to the health care industry and serving the needs of academic teaching institutions.
